Welcome

E3M is a three years project co-funded by the European Commission under its Lifelong Learning Programme and developed by partners from eight European countries. The aim of this project is to generate a comprehensive instrument to identify, measure, and compare Third Mission activities of HEIs from a wide perspective. This will be achieved by creating indicators on Third Mission activities and by giving a new approach on the concept of ranking methodologies.

Latest News

Presentation of the project at the Conferência Internacional sobre Aprendizagem ao Longo da Vida that took place in Portugal last 12th-13th October 2010.
